① GROUNDS OF WEST QUODDY HEAD LIGHT

Photo 1: West Quoddy Head Light as seen from the South Lubec Road

This is the first view of the lighthouse as one approaches on the access road.

The proposed location for the FDR memorial statue lies approximately 100 feet north of West Quoddy Head Light. The area is currently cleared land with views of both Campobello and Grand Manan Islands. The area will require landscaping work to prepare the site.

Photo 2: West Quoddy Head Light and Liberty Point on Campobello Island

The view looking northeast along the shore past the lighthouse toward Campobello Island.

Photo 3: West Quoddy Head Light and view to the southwest

Photo 4: View of Proposed Memorial Site

The area of the proposed memorial site as viewed from the east (shoreline) looking west toward the parking area and access road.

Photo 5: View of Proposed Memorial Site

The area of the proposed memorial site as viewed from the north looking south toward the shoreline and Grand Manan island in the distance hidden by the sea mist.
